"FROM PAINT TO PIXEL"

NEW ANIMATION AND PRODUCTION ART STUDIO TECHNOLOGIES SHOW.

From Paint to Pixel is a special showing of new animation and production art studio technologies. The show highlights some of the new programs and coursework featured at CTEC in Salem, OR. Featured presenters include Graham Toms-Animation and Digital Design, John Strauch-Video and Digital media studio and Marty Havran-Character modeling and animation designer. Between them, these artists have over 75 years of experience working in the digital art and animation fields.
